### POINTS –GENERAL

CITP contestants are permitted to designate another person to drive their truck during the event. This will allow the truck to be placed into competition even if the regular driver cannot pull the truck. All points are awarded to the vehicle, not to the driver. Points are not transferable from one class to another. Any contestant disqualified for failing tech loses all points for that for the class disqualified from at that event. In the event of a points race tie the vehicle with the most 1<sup>st</sup> place finishes will determine the overall points champion. If there is still a tie the vehicle with the most 2<sup>nd</sup> place finishes will determine the overall points champion. No position points for a class will be awarded unless the entire class is completed. Attendance points will be awarded in the event of a rainout or cancelation during the event for all trucks signed up at the event.
